Tribute from Joyce malones

Relation: Co-worker and friend

Irma and I started working on children's ward together 50 years ago. She was a great co-worker—fun, kind and totally dedicated. I always admired how she juggled working full time, cared for her elderly mother and was raising two beautiful daughters, all as a single mom. We became dear friends and maintained that friendship until her passing. For many years we enjoyed Friday lunches at Cherries, and frequent phone chats. I will miss her so much, but have so many great memories. Thank you Joanne , Colin and Lynn for taking such wonderful care of Irma in her declining years, and especially for calling me and inviting me to visit to say a final goodbye.

Tribute from Marie Cadorette

Relation: Irma and I lived across the parking lot from each other for almost 30 years at Aquarius Gardens. We were the "the cat ladies" refusing to give up our beloved felines in the face of all opposition.

Dearest Irma - How I miss just being able to run across the parking lot to have a cup of tea and chat. We shared many a visit, but most of all we shared our love for our cats. Determined we were in the face of all opposition! So many stories to tell. How fortunate you are in your loving daughters, Joann and Lynn and your son-in- law who all took such good care of you in your declining years. Thank you, dear Irma, for all the fun and laughs we've shared over the years.

Who is looking back at me from these pages but the beautiful, irrepressible Irma! Although saddened to see she has passed, she leaves behind her many memories of fun, sass, and smarts. She was always so caring, well put together and saw the flip side(usually the sunny side) of everything.. I know you girls were the lights of her life and will miss her sorely. Please accept my heartfelt condolences for your loss of this one of a kind beauty.
