My deepest condolences, Adele and Walker. Adele you the most amazing wife. You two were the most amazing couple and h was one of the most amazing individuals and the absolute best Principal I worked for. Stay close Scott and as I continue your legacy, and Scottisms. " couldn't be better if I tried." When he took his basketball players to tournaments in suits, he said, look snappy and you will feel snappy.

So sorry to hear of Scott's passing. He was definitely one of the " good guys". Fond memories of he and Adele walking past our house on a regular basis and Scott's encouraging remarks while we were teetering on ladders while painting our house or toiling over the never ending yard and garden revamp. His positive and caring demeanor will be missed by many.

Tribute from Dan Bertrand

Mr. MacLeod was my principal at Cow High in 2000-2001. He made a huge impact on my school life

growing up. More so than any other teacher he actually gave me and every other student the time of day. The way he spoke with authority but also with care and understanding is what really got through to me as a teenager.

I graduated in 2003 but even 10 or 15 years later I often ran into Mr. MacLeod and he always stopped to talk to me and shake my hand. He always remembered my name and even the experiences and encounters he had with me as a student in high school. I am sure he had the same memories with hundreds if not thousands of students.

The fact that he remembered after all this time just proves how much he really cared about his career and those he taught.

Mr. MacLeod is and was an amazing man and he set a standard that should be praised today because it is a standard that has mostly been lost in today's world.

He's the kind of guy that taught a kid to fish (I hope you all know the reference).

I am sad to hear of such a great man's passing but I also feel proud to have had the chance to have been someone that he had a truly positive impact on. And I will never forget that.

I wish Mr. MacLeod's family all the best in the world. You are lucky to have had such an amazing presence to follow.

Much love

My condolences to all friends and family of Scott. He was my teacher at CSSS years ago. He was always extremely supportive and one of my favorites. He left an impression on my life, for this I will always be grateful.

Tribute from Mary ann

I was saddened to hear of Mr. MacLeod's passing. I was a student at CSSS back in the late 80's and although I personally never had him as a teacher but his reputation as one of the best was well known.

Passing him in the hallways he always had a great smile and hello. My deepest condolences to his family.

Tribute from Pat & Don Unger

Relation: Neighbour and friend

We will miss Scott's sunny outlook & great sense of humor. We will also cherish special memories of Scott's kindness towards our grandson, Blake, who is on the autism spectrum. When Blake (who is passionate about all things automotive) expressed interest & curiosity about Scott's little Citroën, he went out of his way to give Blake a tour, inside & out, and even took him for a spin! Our boy absolutely beamed with joy!

We will also enjoy memories of meeting up with Adele & Scott in Bangkok during a visit to SE Asia a few years ago.. They gave us pointers on how to get around and took us out to experience some

different "off the beaten path" ethnic restaurants and , of course, we went for walks & out for coffee - something A & S have been known to do from time to time ! Scott fought bravely to the end, always upbeat.....rest well, friend.

Tribute from Shelley Mayo

Rest In Peace Mr Macleod you were a great teacher as well as a wonderful person you'll be missed

My condolences to Mr. MacLeods family. He was such an inspirational person and teacher in my life back in the late 70s at Cow high. And very persuasive :-) I learned so much from him in his accounting classes which I then took into my career. But he also taught me how to step up and take on more than what I might ever have imagined. Under his guidance I took on roles within the students council as well as the booster club. It's funny how it worked out because I couldn't ever imagine doing that but he did seem to have all the confidence in the world that I could do whatever I put my mind to. I will forever be grateful for that. It's sad to see he's gone and I really do feel it's a loss for all of us.
